Housing Selection Information 2023–24

The Office of Residence Life is excited to start planning for housing selection for 2023–24. We will continue to use StarRez, the housing platform software, again this year. This software is a student facing system that will assist with housing selection, meal plan selection, emergency contacts, housing agreements, and more. Below is some information to help you have a successful housing selection process.

Our office will be here every step of the way to answer questions, troubleshoot issues, and provide any additional support as needed as you prepare for the housing selection process.

Housing Selection for returning students is as follows:

Class Year	Housing Selection Start Date
Rising Seniors (based on credit hour)	Thursday, April 20, 2023
Rising Juniors (based on credit hour)	Tuesday, April 25, 2023
Rising Sophomores (based on credit hour)	Thursday, April 27, 2023

Selection Day and Time

Housing Selection times are based on the total number of credits earned at the conclusion

of the fall 2022 semester. Winter and spring 2023 credits will not be factored into Housing Selection. Each student who is eligible for Housing Selection will be randomized into a selection group based on these criteria. Advanced Placement (AP), Dual Enrollment, and transfer credits will be factored into the earned credit hour total for all students.
